PRMT SECTION

Dear Sir/Madam:

Kansas Statute Annotated K.S.A. 65-3437(c) requires that before reviewing any application for a hazardous waste facility, the Secretary of the Kansas Department of Health and Environment must conduct a background investigation of the applicant. The financial, technical and management capabilities of the applicant will be considered as conditions for issuance of the permit. Our department may reject the permit application if it is found that the applicant has a history of repeated violations of state or federal law.

Please provide any information you may have concerning the following facilities and persons. We are interested in knowing of any history of violations of environmental laws or regulations in your jurisdiction. Please contact us within thirty (30) days or we will assume that you have no pertinent information.

Kansas Statute Annotated K.S.A. 65-3437(c) requires that before reviewing any application for a hazardous waste facility, the Secretary of the Kansas Department of Health and Environment must conduct a background investigation of the applicant. The financial, technical and management capabilities of the applicant will be considered as conditions for issuance of the permit. Our department may reject the permit application if it is found that the applicant has a history of repeated violations of state or federal law.

Please provide any information you may have concerning the following facilities and persons. We are interested in knowing of any history of violations of environmental laws or regulations in your jurisdiction. Please contact us within thirty (30) days or we will assume that you have no pertinent information.

Dear Sir/Madam:

Kansas Statute Annotated K.S.A. 65-3437(c) requires that before reviewing any application for a hazardous waste facility, the Secretary of the Kansas Department of Health and Environment must conduct a background investigation of the applicant. The financial, technical and management capabilities of the applicant will be considered as conditions for issuance of the permit. Our department may reject the permit application if it is found that the applicant has a history of repeated violations of state or federal law.

Please provide any information you may have concerning the following facilities and persons. We are interested in knowing of any history of violations of environmental laws or regulations in your jurisdiction. Please contact us within thirty (30) days or we will assume that you have no pertinent information.
